DuPont de Nemours (Luxembourg) S.à r.l.

Regulation (EU) 2016/425 Module B, EU type-examination

Issue 2

PPE Product

Dupont® (logo) Tyvek® 400 DualCombi - model TD125S collared coverall, white Tyvek® fabric is used for the front of the garment and a white SBPP fabric is used for the back of the coverall, except for the complete collar & lower part of the sleeves, which are in the Tyvek® fabric. The coverall has sewn external seams with red thread for all dividing seams, drop set sleeves with thumb holes, a front zip closure with storm flap and is elasticated at the cuffs, ankles & back of the waist. This coverall is available in seven nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment

The following have been applied:

EN 13034:2005 + A1:2009 (Type PB [6]: Limited life, partial body chemical protective clothing offering limited protection against liquid chemicals).

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production

Certification is based on technical file reference:

Tyvek 400 DualCombi, model TD125S, dated: February 2019

SGS Reference Number UK/CRS 237281.

This certificate remains the property of SGS Fimko Oy to whom it must be returned on request.
